

Adult Social Care Access Point

One point of access for advice,
information and assessment

- Access Point has been set up as a single point of contact for people with social care needs and their carers in Brighton & Hove.
- We can provide advice and information to enable people to access the support they need.
- We can also complete assessments over the phone to establish any social care needs.
- We can then arrange services or refer on for further assessments as required.
- Services we are able to arrange include home care, day care and daily living equipment.
